

Rules for an AMA Postal Half Marathon in 2020

Name of event

“The AMA Half-marathon Championship”

This will replace the AMA Half-marathon Championship that has been awarded to MAWA in 2020.

Who is eligible to compete?

All master athletes registered with one of the State or Territory Associations.

Time period for eligible events

April 1st to October 31st

Eligible Events

A list of eligible events will be compiled and will be available for viewing on the AMA web site.

Each State/Territory will identify the races in their jurisdiction that can be contested.

All the eligible half-marathons will need to be on courses that meet the requirements of IAAF rule 260.28 a, b, and c, except that measurement by a C grade measurer will be allowed. (Rule is attached).

Results from Overseas half-marathons will not be eligible.

Competitors can compete in any eligible event.

Registration

Every member wanting to be included in the Championship will need to register.

AMA will set up a simple ‘register now’ where members can register.

Up to two races can be nominated when registering.

Race performances will only be accepted from events in which the competitor has registered beforehand.

The following information will be required at registration:

Name (Important that the name is consistent with that used on the event entry)

Age

Gender

Address

Email address

Up to two races can be selected from a list.

Obtaining of results

The organizers will likely have trouble obtaining the results for all races that have been contested. Competitors may need to send the organizers a copy of the official results of their race.

Publishing of Results

It is proposed that the results of all performances will be available on a web site as soon as they are achieved (and reported). This will increase the interest in the championship.

Awards

Will be made to the first three in each five year age group (male and Female) from age group 30 years.

Where a competitor has contested two events only their best performance will be included in the awards.

Registration Fee

This will be \$10.00 for one or more events. The fee will be paid to AMA and will be used to pay for the awards. It is appreciated that some of the public events are quite expensive to enter. Some State/Territory Associations organize their own low cost events. We would encourage this. There are a number of certified course measurers who are available and are willing to certify courses.
